

# Translation!

Translation is an art. You can translate an article literally and make people kind of understand it, but it is hard to extract the spirit from the author's mind. To achieve a high level of translation work, the translator needs to understand both languages well in order to achieve a masterpiece. Without a deep root understanding on both languages, the final work tends to get lost in the literature wonder world.

We will use our Chinese literature expertise to market your products/services powerfully in order to stand out in the market.

We mainly specialize in translating English to Chinese; however, if you have special business need for other Asian languages, we will be happy to find the right translators for you. If you have further questions, please do not hesitate to contact us at [info@yourchineseconnection.com](mailto:info@yourchineseconnection.com) or Tel: (973) 960-9093.

Sincerely,
